**QUANTUM-BIO REGENERATIVE
STIMULATION TECHNOLOGY**

www.qrst.in

KEY FEATURES OF QRST TECHNOLOGY

NON-INVASIVE

No surgery or invasive procedures required.

PAIN RELIEF

Provides rapid and effective reduction of discomfort.

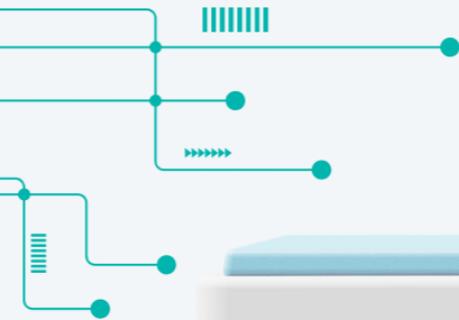

CELLULAR REGENERATION

Treats the body at a molecular level through cellular regeneration.

NO SIDE EFFECTS

Safe and free from side effects.

QRST ACTIVE 2.0

INTRODUCTION

Experience the evolution of regenerative technology with **QRST Active 2.0**, it is a perfect fusion of **performance and precision**.

Designed with a stronger frame and refined aesthetics, it offers enhanced stability and seamless mobility for both doctors & patients.

Engineered for effortless use and optimal results, QRST Active 2.0 retains the proven Quantum-Bio Regenerative Stimulation Technology that powers all QRST systems now in a lighter, smarter, and more ergonomic design.

QRST ACTIVE 2.0

FEATURES

REVOLUTIONARY QRST TECHNOLOGY

Delivers quantum bio resonance for cellular regeneration.

IDEAL FOR CLINICAL AND THERAPEUTIC USE

Designed for hospitals, physiotherapy centers, and regenerative medicine clinics.

NON INVASIVE + DRUG FREE + NO SIDE EFFECTS

Promotes natural healing without surgical intervention.

FAST PAIN RELIEF & LONG TERM RECOVERY

Provide pain relief while restoring function and mobility, encouraging continuous regeneration for up to 12 months after treatment.

BUILT FOR PRECISION THERAPY

Enhanced treatment alignment ensures accurate energy delivery to affected areas maximising treatment effectiveness.

QRST ACTIVE 2.0

BREAKTHROUGH IN REGENERATION

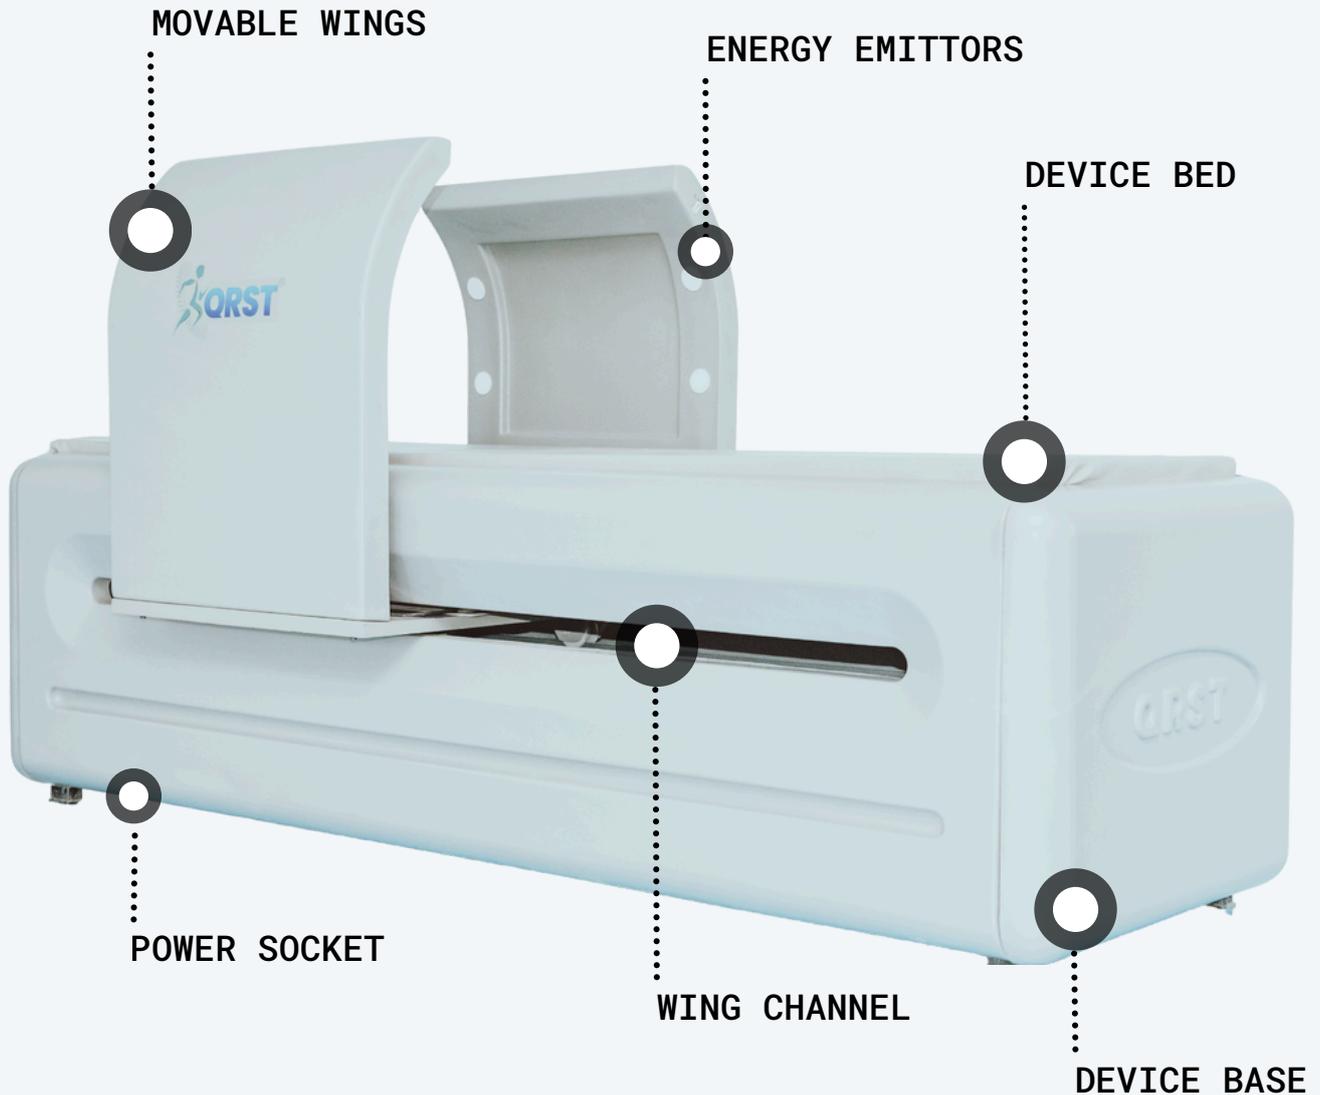

QRST Active 2.0 is a revolutionary breakthrough in regenerative medicine, **the first of its kind**. Designed with precision engineering, it harnesses advanced quantum resonance technology to stimulate cell regeneration, restore mobility, and accelerate healing without surgery or medication. Setting new benchmarks in non-invasive therapy, QRST Active 2.0 is **leading the future of recovery** and redefining how regeneration is achieved.

QRST ACTIVE 2.0

DEVICE COMPONENTS

DIMENSIONS:

WIDTH: 2' 5"
HEIGHT: 2' 1"
LENGTH: 7' 2"

COLOUR:

BODY: PALE GREY
BED: PALE GREY

TREATMENT AREAS:

KNEE | ANKLE | SPINE | HIP |
SHOULDER | WRIST | ELBOW |

TARGETED TISSUE:

MUSCLE | TENDON | BONE |
CARTILAGE | LIGAMENT |

QRST ACTIVE PRO

INTRODUCTION

QRST Active Pro continues the legacy of its innovation and industry standards, it is built on the same proven **Quantum-Bio Regenerative Stimulation Technology that defines QRST.**

*Designed to restore, repair, and rejuvenate at the cellular level, QRST Active Pro combines science and precision to **deliver unmatched outcomes now in a renewed aesthetic form.***

Though its **appearance has evolved**, the core technology remains identical. It effectively targets musculoskeletal disorders and accelerates recovery **without surgery, medication, or side effects.**

QRST ACTIVE PRO FEATURES

REVOLUTIONARY QRST TECHNOLOGY

Delivers quantum bio resonance for cellular regeneration.

IDEAL FOR CLINICAL AND THERAPEUTIC USE

Designed for hospitals, physiotherapy centers, and regenerative medicine clinics.

NON INVASIVE + DRUG FREE + NO SIDE EFFECTS

Promotes natural healing without surgical intervention.

FAST PAIN RELIEF & LONG TERM RECOVERY

Provide pain relief while restoring function and mobility, encouraging continuous regeneration for up to 12 months after treatment.

NEW COLOR. SAME EXCELLENCE.

Updated aesthetic with the same precision engineering and performance.

QRST ACTIVE PRO FUTURE OF REGENERATIVE WELLNESS

With **QRST Active Pro**, innovation meets design excellence. It's not just a medical device, it's a symbol of **continuous evolution in regenerative science**.

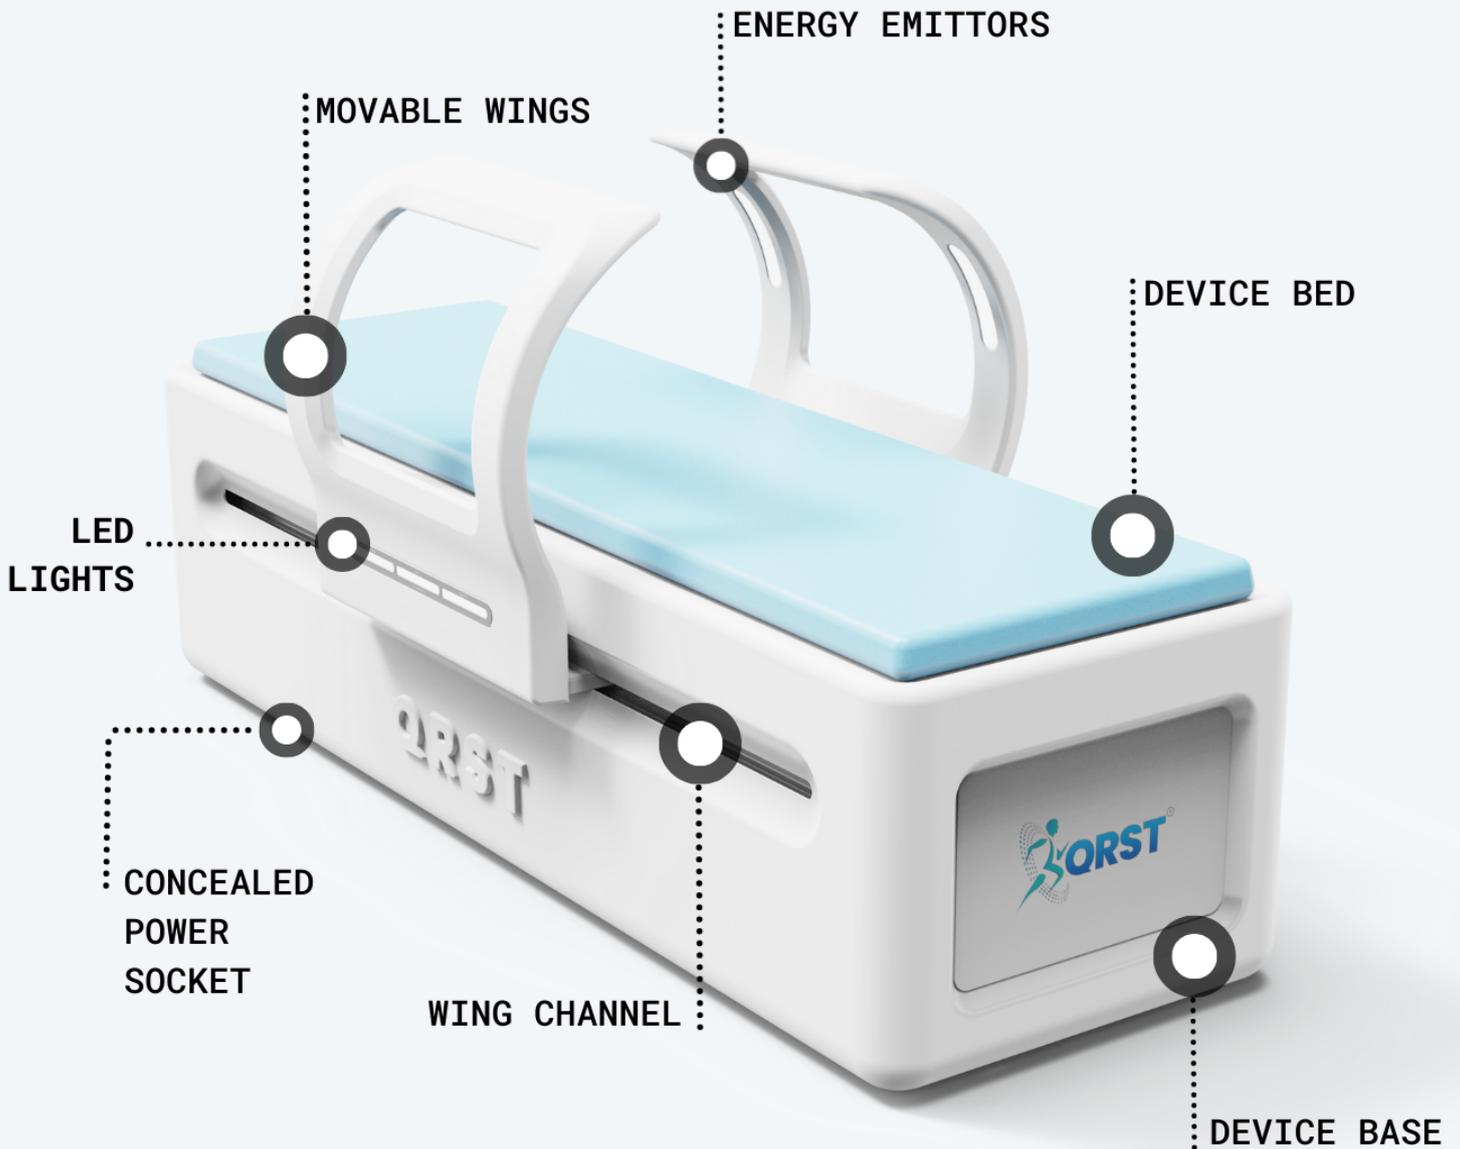

Same revolutionary technology, redefined with **elegance and precision**.

KNEE | ANKLE | SPINE | HIP |
SHOULDER | WRIST | ELBOW |

TARGETED TISSUE:

MUSCLE | TENDON | BONE |
CARTILAGE | LIGAMENT |

QRST MOBILE

INTRODUCTION

Experience the same pioneering Quantum-Bio Regenerative Stimulation Technology in a **new, portable form.**

“
*QRST Mobile is designed to deliver the proven benefits of QRST’s Cellular Regeneration Therapy, now in a **more compact and versatile device** ensuring precision, depth, and effectiveness in every session.*
”

Powered by the same **Quantum Field Bio-Resonance Stimulation** used in the standard QRST system, QRST Mobile activates the body’s natural regenerative capabilities at the proton and cellular levels. It promotes healing, relieves pain, and supports musculoskeletal recovery without medication, surgery, or side effects.

QRST MOBILE FEATURES

REVOLUTIONARY QRST TECHNOLOGY

Delivers quantum bio resonance for cellular regeneration.

COMPACT & PORTABLE DESIGN

Easy to store and use, it is ideal for clinics, sports therapy, and mobile treatment solutions.

NON INVASIVE + DRUG FREE + NO SIDE EFFECTS

Promotes natural healing without surgical intervention.

FAST PAIN RELIEF & LONG TERM RECOVERY

Provide pain relief while restoring function and mobility, encouraging continuous regeneration for up to 12 months after treatment.

QRST MOBILE THE PORTABLE REVOLUTION IN HEALING

Engineered for versatility, **QRST Mobile** brings the power of regenerative technology into a **compact, space efficient form**. With **foldable wings** and intelligent design, it fits seamlessly into any clinical setup without compromising performance.

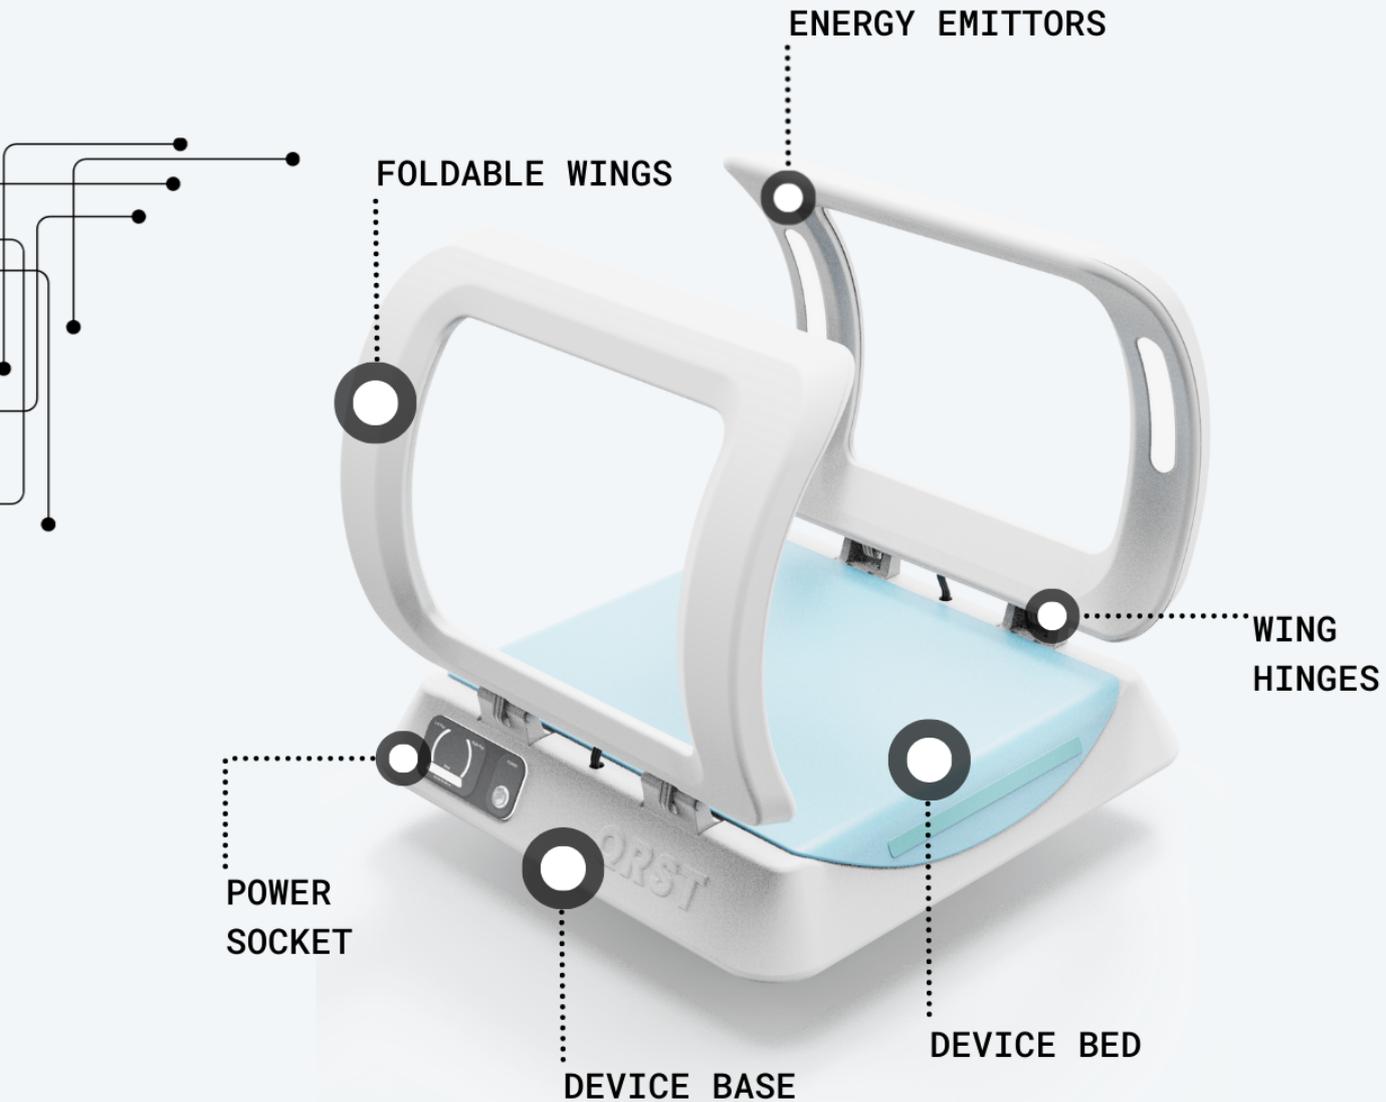

More **affordable and accessible**, QRST Mobile empowers practitioners to deliver world class regenerative therapy to more patients, anywhere.

CONTROL UNIT

“

The QRST Control Unit is the intelligent command center of the QRST system.

”

Designed to **seamlessly integrate with all QRST devices**, the Control Unit ensures precise, efficient, and customizable therapy delivery. Acting as the operational core, it allows practitioners to **easily manage and monitor every treatment** session with accuracy and ease.

- Processes treatment cards to **initiate and manage therapy programs**.
- Regulates parameters such as **frequency, duration, & intensity of therapy**.

TREATMENT CARD

The QRST Treatment Card is an intelligent component designed to deliver condition specific therapies with absolute accuracy. Each card is uniquely programmed to match a patient's diagnosis and therapeutic needs, ensuring consistent and effective results every time.

- **Encoded with precise frequency parameters** for targeted treatments.
- Activates the **correct therapy protocol** when inserted into the Control Unit.
- Guarantees **accuracy, consistency, and personalization** in every session.
- Simplifies therapy administration, minimizing manual input and human error.
